1.0 INTRODUCTION

1.1 PURPOSE OF THE WEBSITE

To offer a curated collection of high-quality and stylish hijabs, providing customers with a seamless online shopping experience that celebrates diversity, promotes self-expression, and meets the unique fashion preferences of women who wear hijab.

1.2 GOAL OF THE WEBSITE

DaisyDrift Hijab Co. 's website endeavors to be more than a platform for showcasing and selling fashionable hijab styles. It aspires to empower women by promoting self-expression and confidence through diverse fashion choices.

1.3 INTENDED AUDIENCE

Muslim Women, Fashion Enthusiasts, Cultural Communities, Social Media Influencers.

1.4 OPPORTUNITY/PROBLEMS/ISSUES

Opportunity: Fashion Diversity and Expression & E-Commerce Experience

Problem/Issue: Limited Fashion Options for Hijabs & Access to Fashionable Hijabs

1.5 TYPE OF CONTENT

Home Page, Product/Services, FAQ, About Us, Review, Multimedia Content, Social Media Integration And Search Functionality.

1.6 RELATED WEBSITES

1. <https://www.hijabsoul.com/>

2. <https://www.tophijab.com.my/>

3. <https://www.tudungruffle.com/>

2.0 WEB DESIGN

2.1 PAGE TITLES

1. Home:

The main page of the website where customers can find an overview of their offerings and navigate to different sections.

2. About Us:

This section provides information about the DaisyDrift Hijab Co. company, its mission, and its values.

3. Contact Us:

This section provides phone numbers and email addresses to the user to get in touch with the DaisyDrift Hijab Co. company.

4. Login:

The option to sign in to the existing DaisyDrift Hijab Co. account.

5. Sign Up:

The option to create a new account on the DaisyDrift Hijab Co.

6. Collections:

A section that showcases different categories of products offered by DaisyDrift Co.

7. New Arrival:

A section that highlights the latest additions to the DaisyDrift Hijab Co. collection.

8. Product Detail:

A page that provides a detailed description of the product like material of the shawl, measurement, opacity and some notes.

9. Cart:

A feature where customers add items to cart and proceed with the checkout.

10. Checkout:

A feature where customers review items, provide their information and select a payment method.

2.4.3 SIGN UP PAGE

The wireframe shows the layout of the sign-up page. At the top, there is a header with a search bar, a submit button, the DaisyDrift logo, and a user icon with a shopping cart. Below the header is a navigation menu with links to HOME, COLLECTION, SHAWL, SQUARE, PRINT, and NEW ARRIVAL. The main content area is titled "SIGN UP" and contains four input fields for First Name, Last Name, Email, and Password, each with a placeholder text. A "Create" button is located below the password field. Below the input fields, there is a link to log in if the user already has an account. At the bottom of the page, there are social media icons for Instagram, X (formerly Twitter), Facebook, and TikTok, along with links to ABOUT US, CONTACT US, FAQ, and DELIVERY. A copyright notice for 2023 DaisyDrift Hijab Co. is also present.

3.0 USER INTERFACE DESIGN

3.1 HOME

The screenshot displays the homepage of the LaisyDriet website. At the top, there is a navigation bar with a search bar, a submit button, a logo for 'LaisyDriet', and user icons for profile and cart. Below the navigation bar is a horizontal menu with links for Home, Collection, Shawl, Square, Print, and New Arrival. The main content area features a large banner for 'Royale satin shawl' with two models wearing the product. A 'SHOP NOW' button is visible at the bottom of this banner. Below the banner, there is a section titled 'Our Collection' with four categories: 'Printed', 'Square', 'Shawl', and 'Printed'. Each category has a representative image of a woman wearing a hijab. At the bottom of the page is a large image of a woman in a pink floral hijab sitting at a table with a drink, with a 'Purchase Now!' button overlaid.

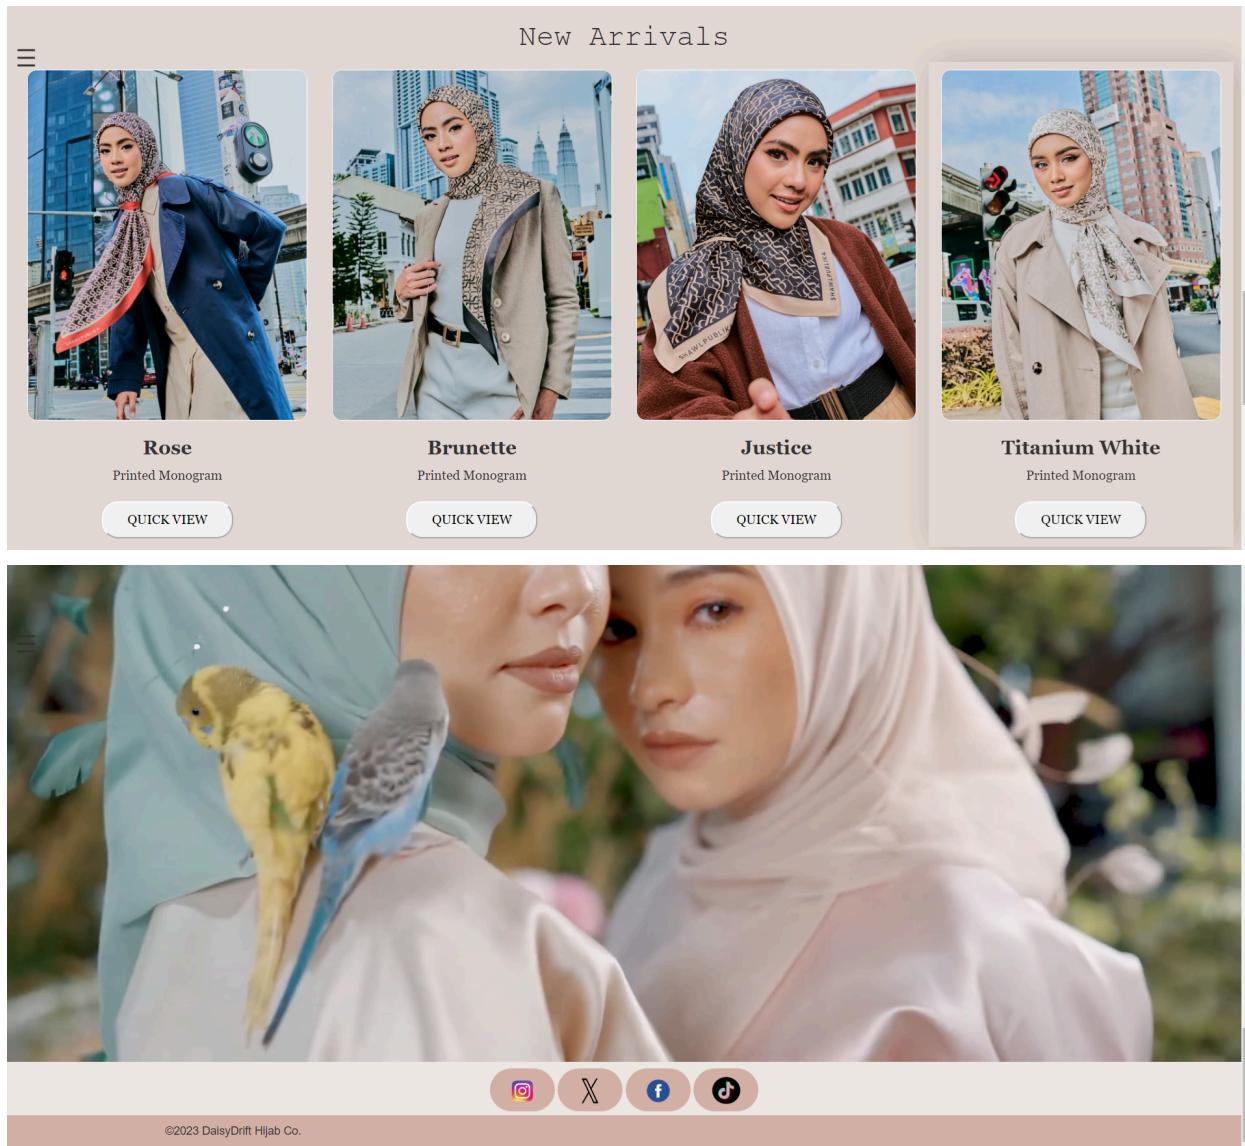

Figure 3.0 Interface of HomePage

shows a Home Web Interface Design. The home page of the website serves as the virtual storefront and the first point of interaction for users. This home page includes navigation elements to guide users to different sections, allowing easy access to a wide range of material or products. This home page also includes attractive visuals, autoplaying video, concise text, and strategically placed calls-to-action, which strives to capture users' attention and inspire further exploration.

3.2 LOGIN

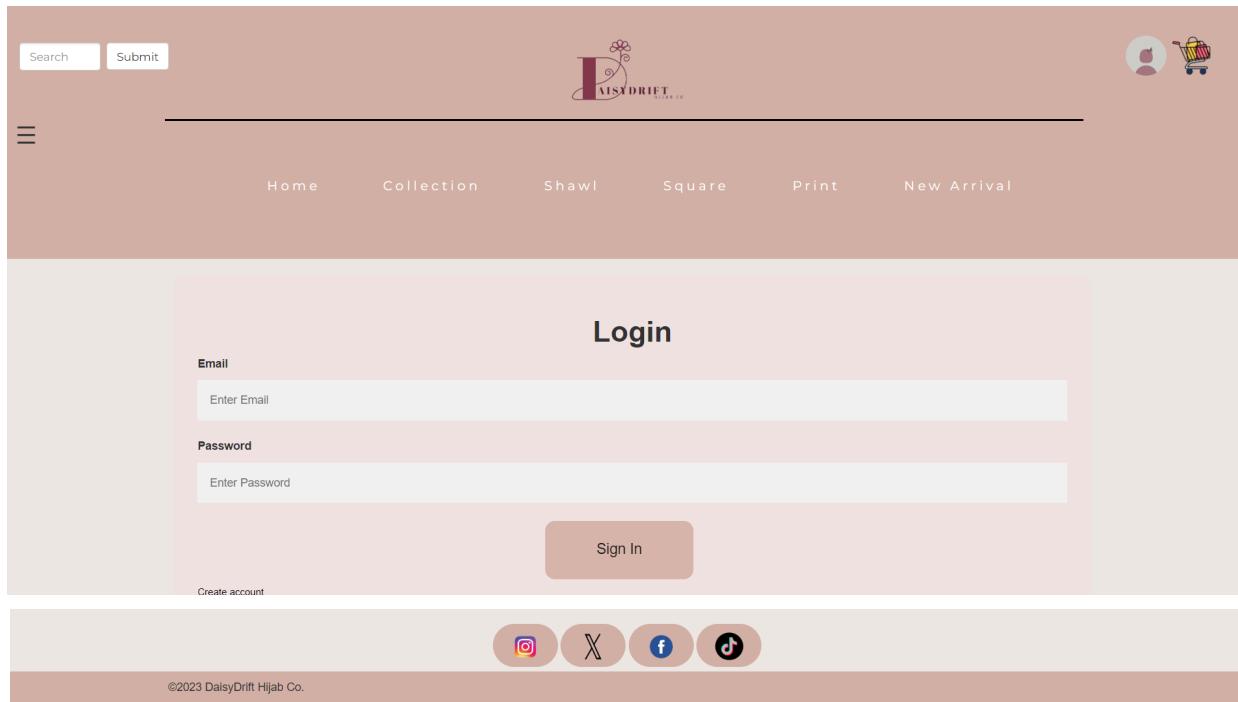

Figure 3.1 Interface of Login Page

shows a Login Web Interface Design. The login page allows users securely access to their accounts and engage with the online platform. The design is very simple and efficient, which allows users to input their registered email and password. Security measures like encryption and optional two-factor authentication protect user accounts. If users forget their passwords, there are usually clear links for password recovery.

3.3 SIGN UP

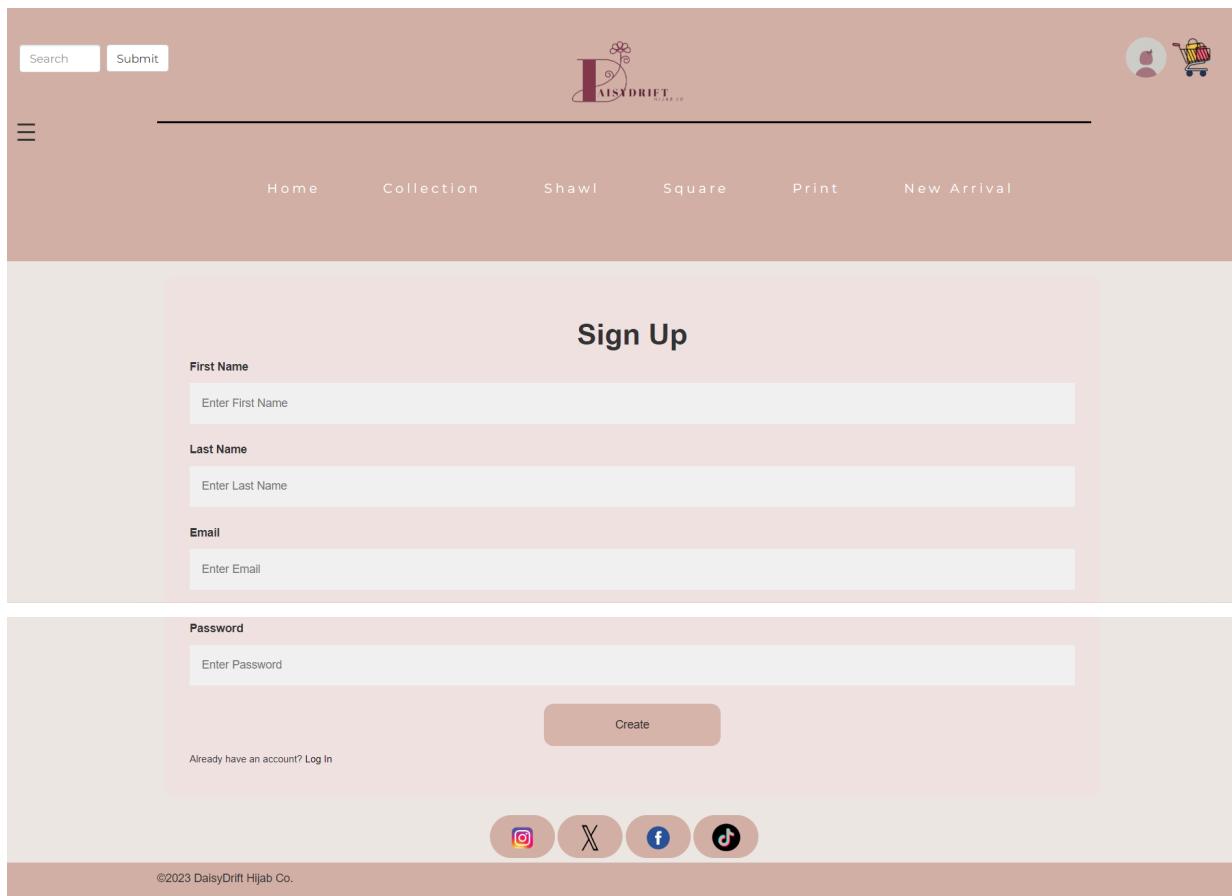

Figure 3.2 Interface of Sign Up Page

Shows a Sign Up Web Interface Design. The sign up page enables users to start off their online shopping journey with an online platform. This page is designed to be welcoming, easy to use, and efficient. Users are allowed to provide necessary information such as their first name, last name, email, and password in the fields provided, ensuring a smooth registration process. Users can be guided by the text in the fields for clear instructions through each step.

3.4 COLLECTIONS

The screenshot shows a website interface for a fashion brand. At the top, there is a navigation bar with a search bar, a submit button, and a logo for 'LAISYDRIET'. On the right side of the top bar are icons for user profile and shopping cart. Below the top bar, there is a secondary navigation menu with links for Home, Collection, Shawl, Square, Print, and New Arrival. The main content area is titled 'All Product' and features a grid of six product cards, each showing a woman wearing a different colored basic shawl. A dropdown menu labeled 'Basic Shawl' is open over the first card, revealing options for 'Basic Square' and 'Print'. The products are as follows:

- Pearl White Basic Shawl** (RM25.00)
- Peanut Basic Shawl** (RM25.00)
- Lazure Basic Shawl** (RM25.00)
- Aloe Basic Shawl** (RM25.00)
- Sugar Pink Basic Shawl** (RM25.00)
- Icelandic Basic Shawl** (RM25.00)

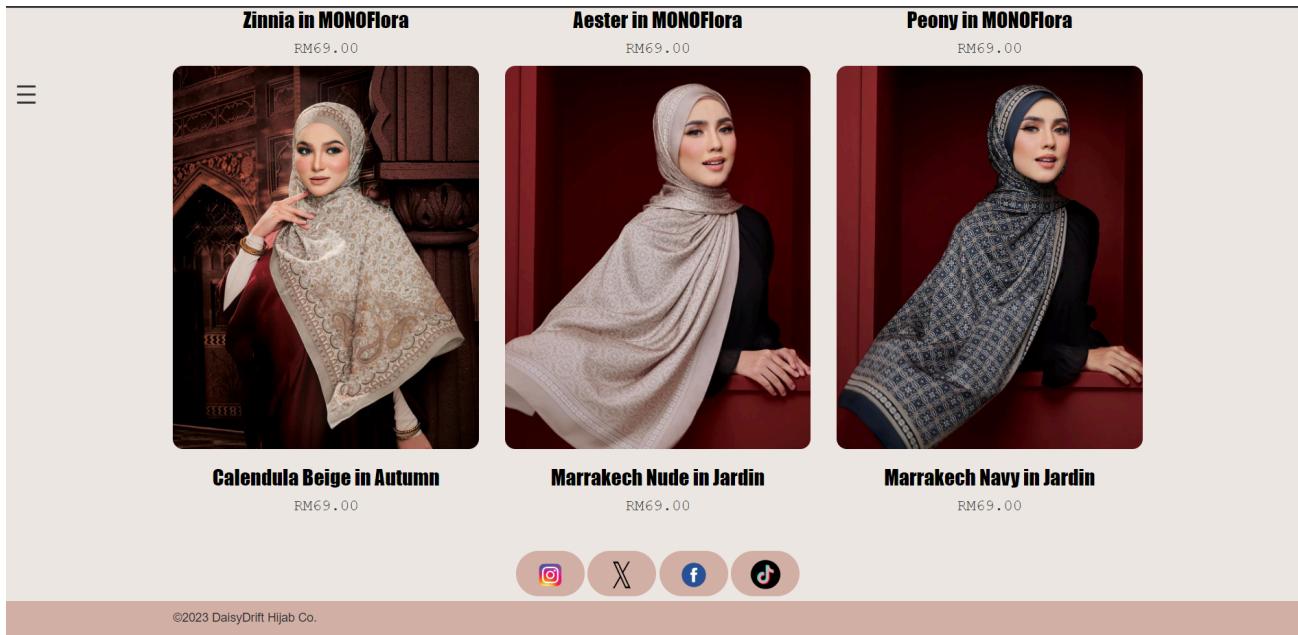

Figure 3.3 Interface of Collection Page

Illustrates a Collections Web Interface Design. This collections page serves an organized product along with product information, enhancing user experience and navigation. This collections page provides users with a focused and easily accessible selection, streamlining their search process and reducing information overload. This collections page helps user engagement by grouping relevant elements together, as well as contributing to a visually appealing and well organized layout, which promotes exploration and increases the possibility of users findings.

3.5 ABOUT US

The screenshot shows the 'About Us' section of the DaisyDrift Hijab Co. website. At the top, there is a navigation bar with a search bar, a submit button, a menu icon, and user account icons. Below the navigation bar, there is a horizontal menu with links: Home, Collection, Shawl, Square, Print, and New Arrival. The main content area has a light beige background. It features a title 'About Us' in bold black font, followed by a section titled 'Our Values'. Below this, there are two paragraphs of text: 'MISSION' and 'VISION'. To the right of the text is a stylized line drawing of a woman wearing a hijab. Below this section, there is a grid of three cards, each containing a circular profile picture of a team member and their name and title. The first card is for Nur Atirah, Chief Executive Officer (S67397). The second card is for Nur Ezreena, Graphic Designer (S66467). The third card is for Husna Zahira, Sales Manager (S67554). At the bottom of the page, there is a section titled 'What customers say about our company' with a testimonial from Noor Abdullah. Below the testimonial are social media icons for Instagram, X (formerly Twitter), Facebook, and TikTok. The footer contains a copyright notice: '©2023 DaisyDrift Hijab Co.'

Our Values

MISSION: To offer a curated collection of high-quality and stylish hijabs, providing customers with a seamless online shopping experience that celebrates diversity, promotes self-expression, and meets the unique fashion preferences of women who wear hijab.

VISION: DaisyDrift Hijab Co.'s website endeavors to be more than a platform for showcasing and selling fashionable hijab styles. It aspires to empower women by promoting self-expression and confidence through diverse fashion choices.

What customers say about our company

"I recently received my order and wanted to express my disappointment with the quality of the hijab. The fabric didn't meet my expectations, and I noticed some inconsistencies in the stitching. However, I believe in the potential for improvement and hope that future products will meet the standards I've come to expect from your brand."

- Noor Abdullah -

Stores Delivery

Address:

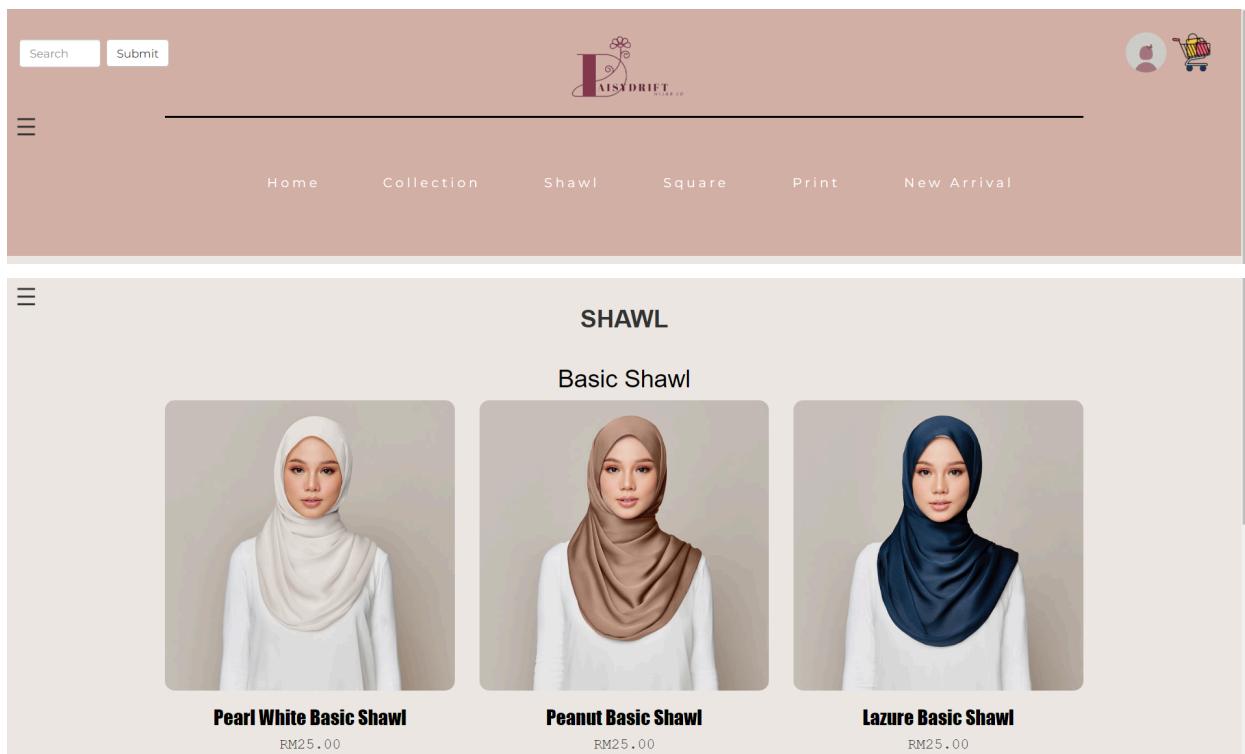

No.4, PT 17533 Taman Desa Tanjung Endah
Padang Nanas, Kuala Terengganu
21300 Terengganu

Figure 3.5 Interface of Contact Us

Illustrates a Contact Us Web Interface Design. This website's contact page acts as a direct communication channel between users and company staff, building connections and facilitating inquiries, feedback, or support. This page displays email, address, phone number, customer services and telegram platform for users to reach out to the staff. This page is designed to enhance customer interaction by providing a quick option for customers to seek assistance, ask questions, or provide feedback.

3.7 SHAWL

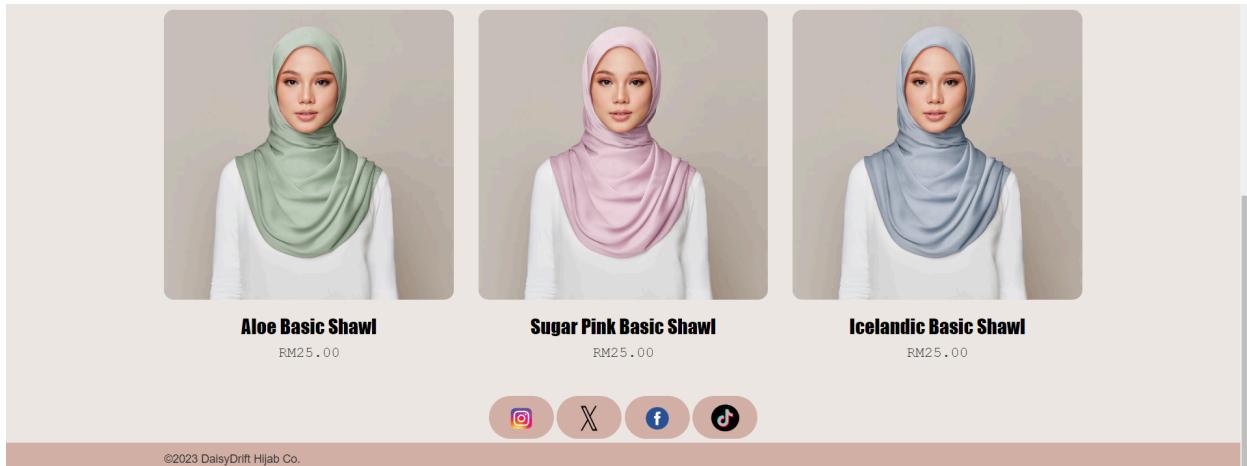

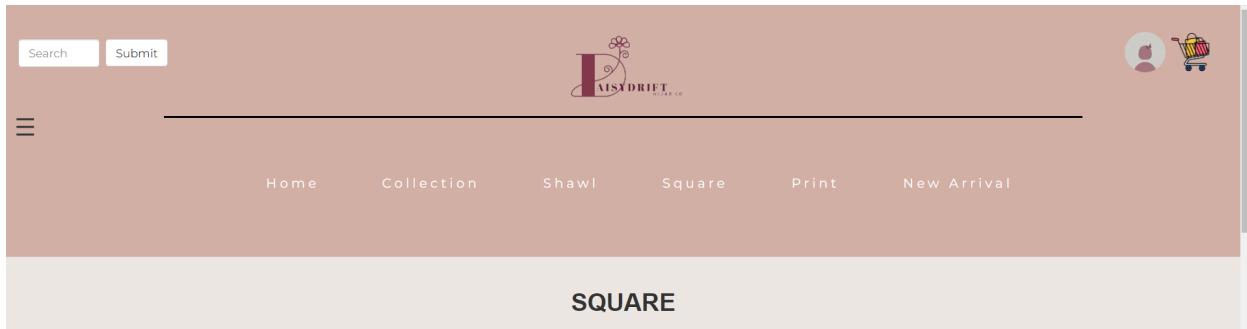

Figure 3.6 Interface of Shawl Page

Shows a Shawl Web Interface Design. This shawl page serves a collection that specifics for shawls only. It represents a versatile and elegant option for those seeking modest yet fashionable shawls. This collection showcases curated assortment, comes with color, material, name, and price of each shawl. This allows the user to discover more about the collection based on their preferences. This page provides a convenient navigation for users to browse, select, and purchase their findings.

3.8 SQUARE

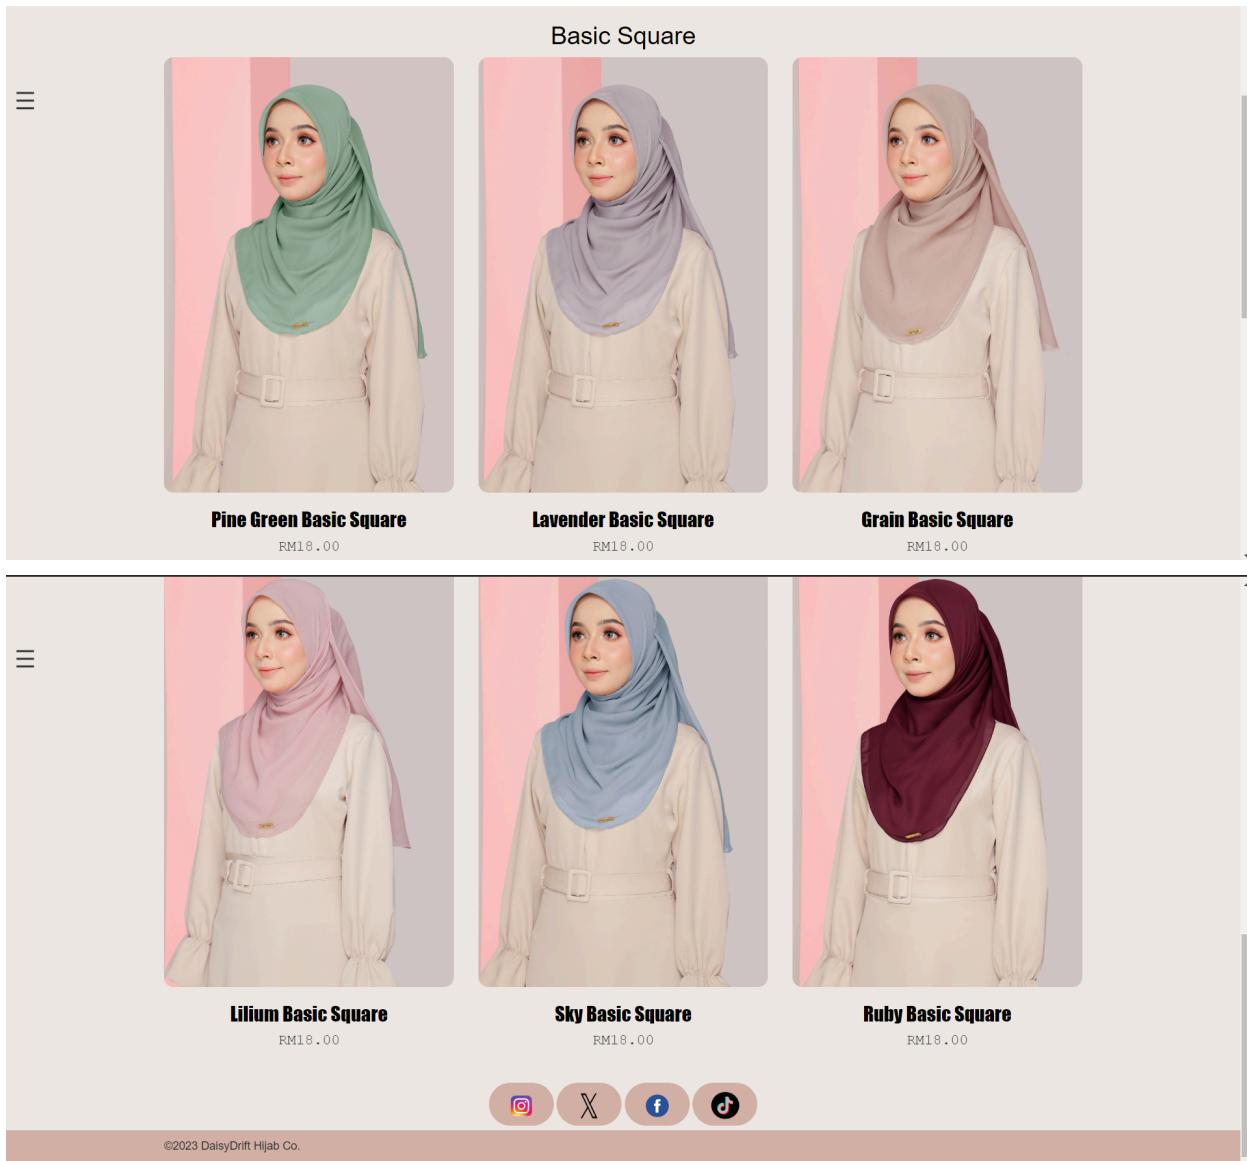

Figure 3.7 Interface of Square Page

Shows a Square Web Interface Design. This square page serves a collection that specifics for squares only. It represents a traditional and classic aesthetic, featuring square-shaped scarves that provide ample coverage. This collection showcases curated assortment, comes with color, material, name, and price of each shawl. This allows the user to discover more about the collection based on their preferences. This page provides a convenient navigation for users to browse, select, and purchase their findings.

3.9 PRINT

The screenshot shows a website for 'PAISIE DRIET' featuring a 'PRINT' collection of square hijabs. The top navigation bar includes links for Home, Collection, Shawl, Square, Print, and New Arrival. The 'Print' section is currently selected. Below the title 'PRINT', there is a heading 'Square'. Six hijab styles are displayed in a grid:

- Emilee Stone** (RM49.00)
- Dian Blue** (RM49.00)
- Soraya Green** (RM49.00)
- Moon Grey** (RM49.00)
- Sephia Dust** (RM49.00)
- Hone Blush** (RM49.00)

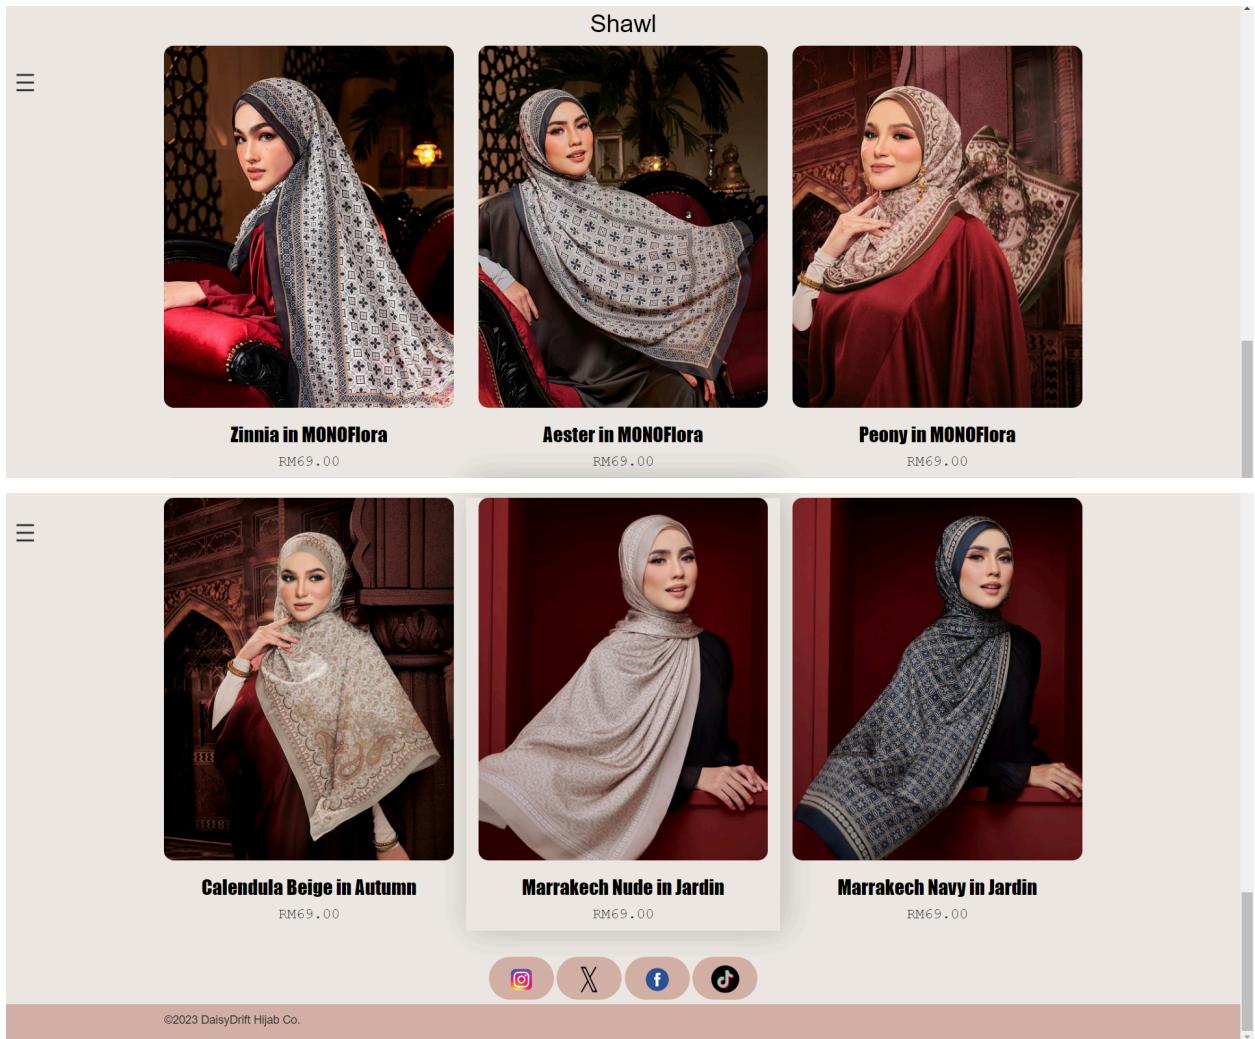

Figure 3.8 Interface of Print Shawl

Shows a Print Web Interface Design. This print page serves a collection that specifies for printed squares and shawls only. It represents a versatile range suitable for both casual and formal occasions, designed with floral motifs to geometric designs. This collection showcases curated assortment, comes with color, material, name, and price of each shawl. This allows the user to discover more about the collection based on their preferences. This page provides a convenient navigation for users to browse, select, and purchase their findings.

3.10 NEW ARRIVAL

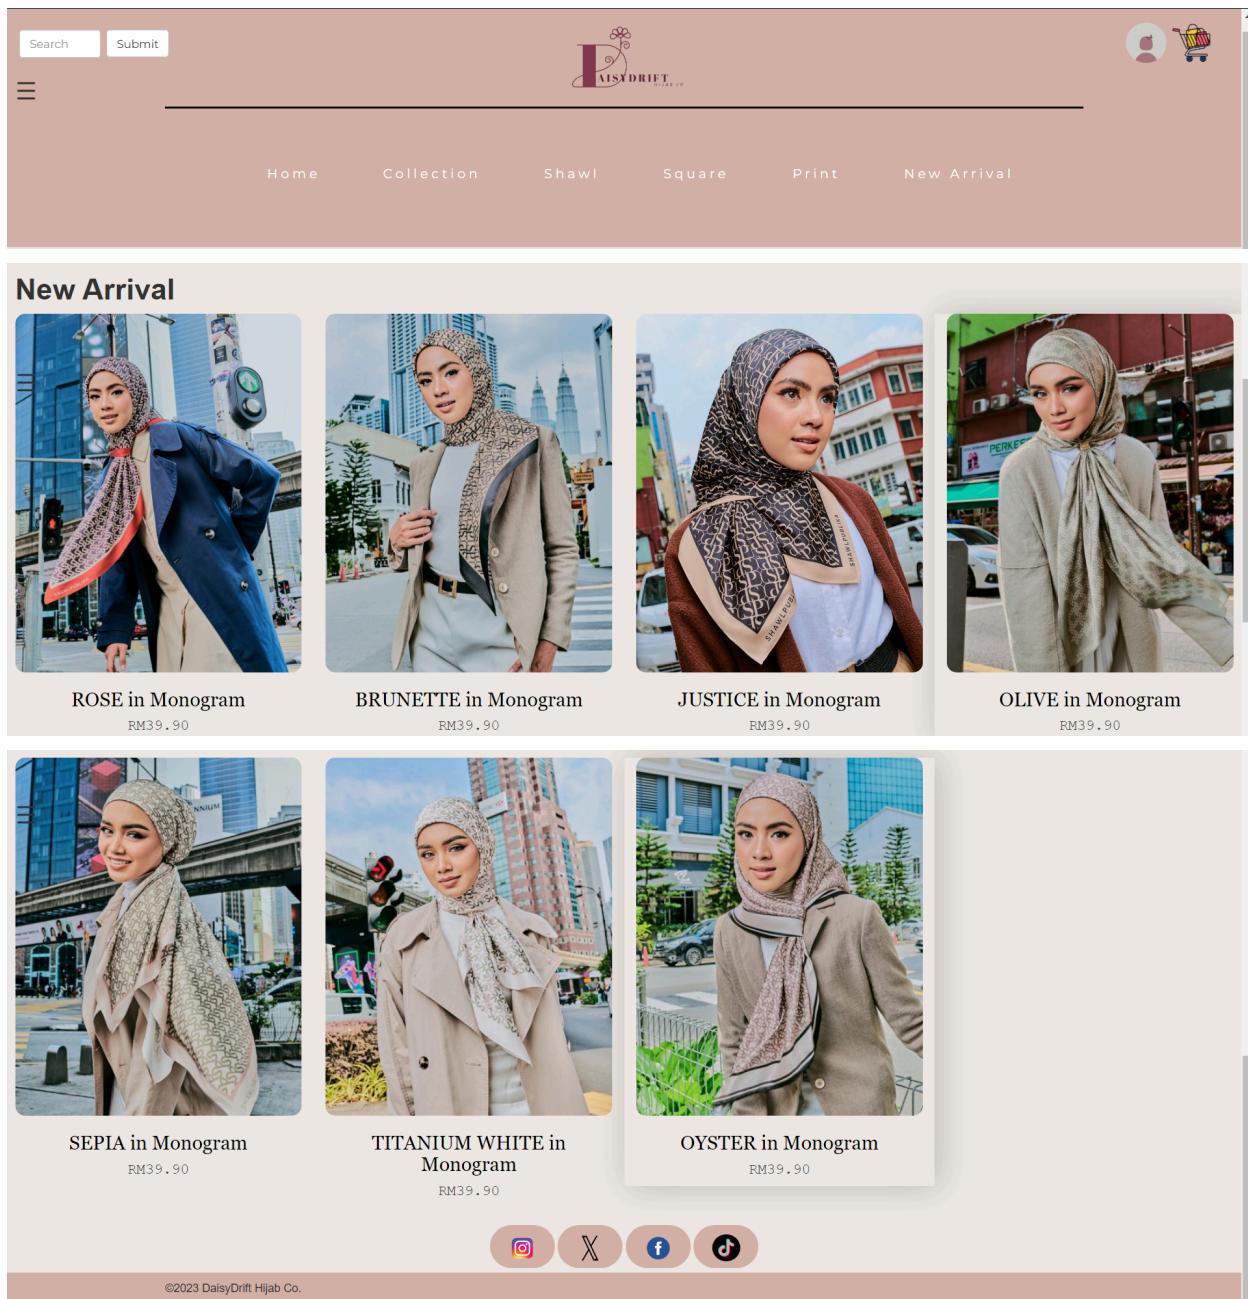

Figure 3.9 Interface of New Arrival Page

Illustrates a New Arrival Web Interface Design. This page serves as an exciting gateway to the most recent and popular additions to the offerings. This section is designed to attract users with new, current products, such as fashionable squares and shawls. The new arrival page showcases the innovation and style, providing users with a glimpse at recently introduced products that correspond to current trends, seasonal changes, or emerging designs.

3.11 PRODUCT DETAIL

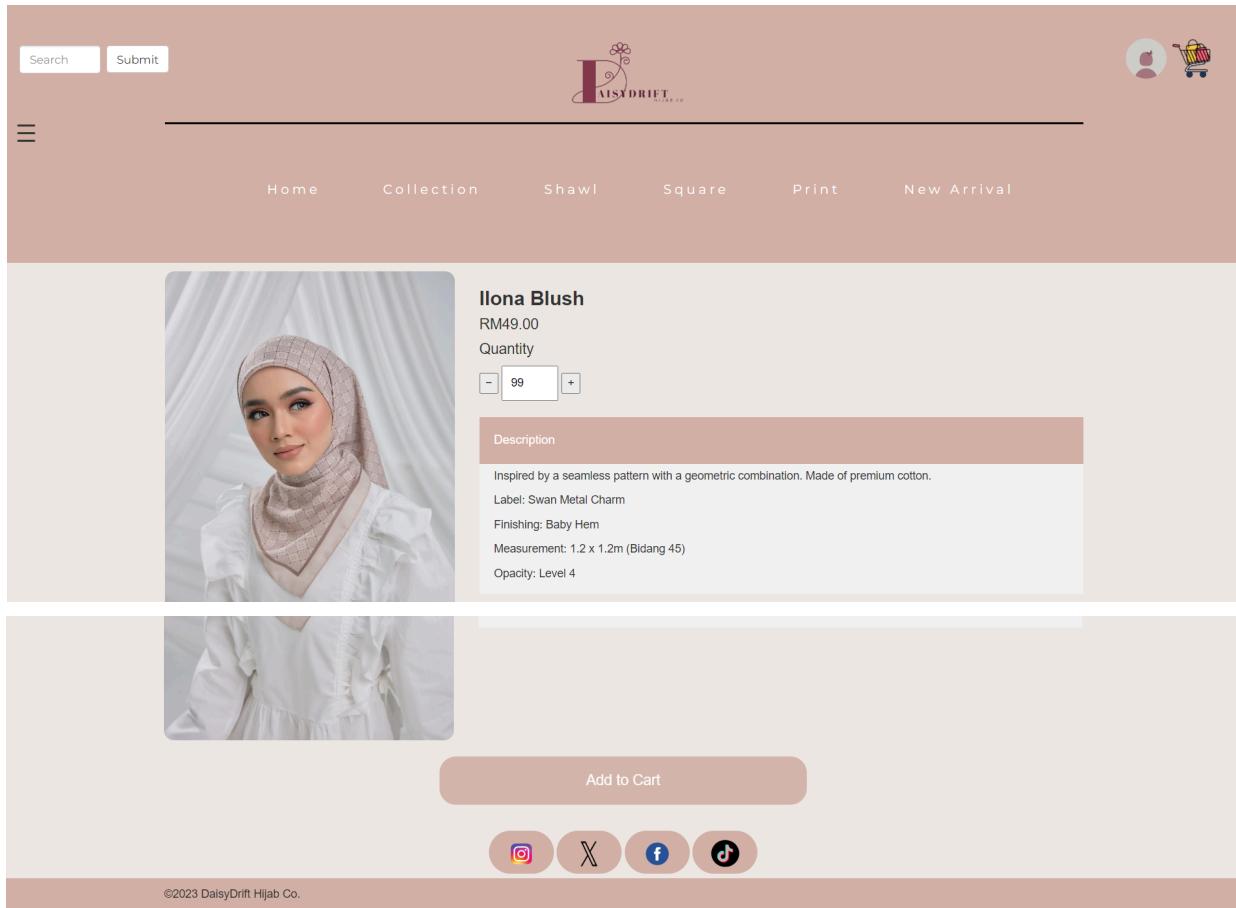

Figure 3.11 Interface of Product Detail Page

Shows a Product Detail Web Interface Design. This product detail page is designed to provide in-depth information about a specific item. It acts as a vital link between customer's interest and their purchasing decision by providing detailed information including name, pricing, quantity, and description of the item. The product detail page features high-quality images of the product from various angles, enabling customers to visualize it more effectively.

3.12 CART

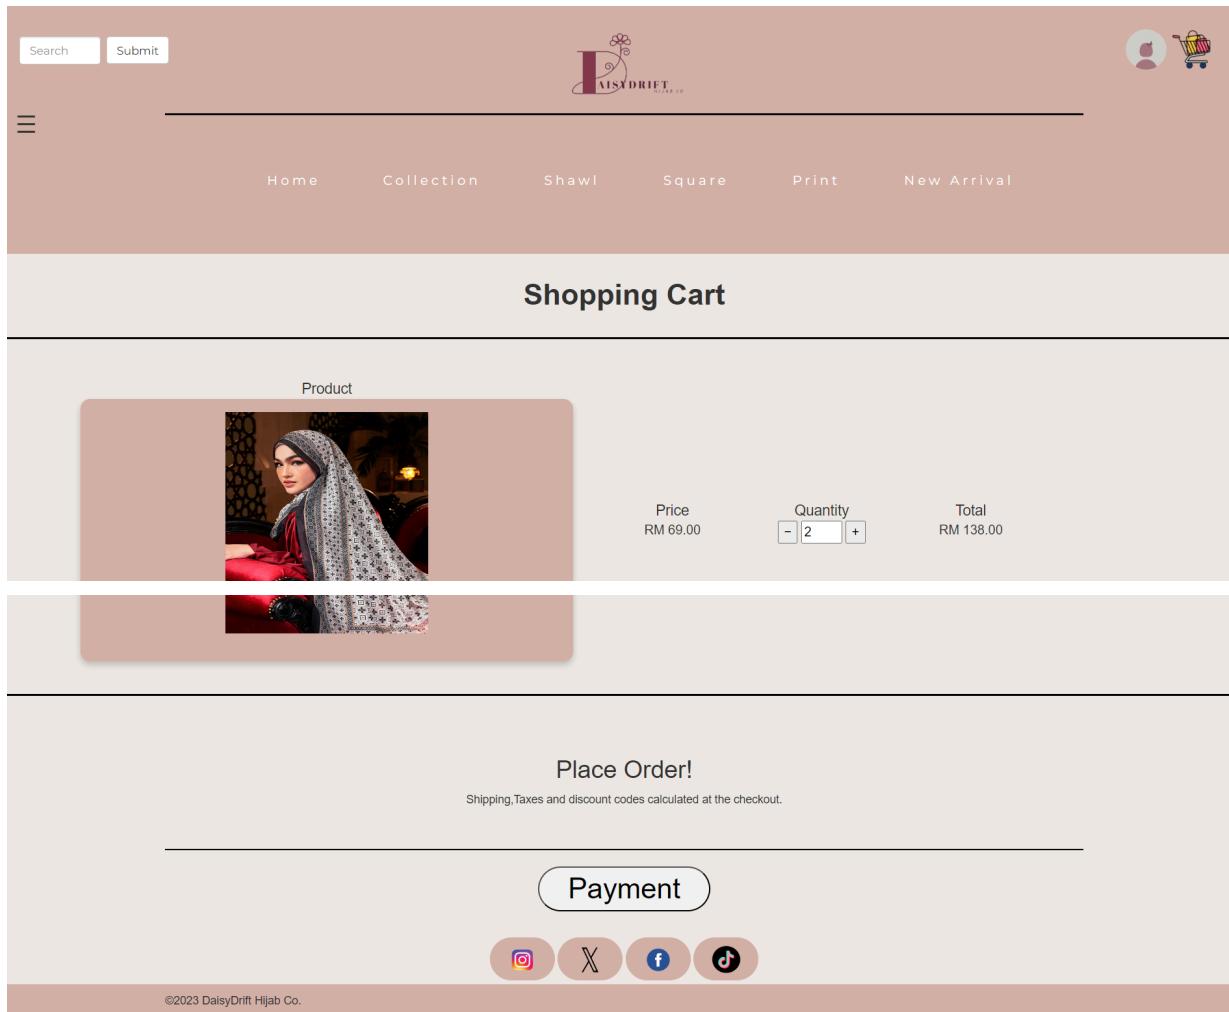

Figure 3.12 Interface of Cart Page

A Cart Web Interface Design. This shopping cart page acts as a virtual repository for selected items before making a purchase. This page provides a dynamic and user-friendly interface for customers to review their selected products, adjust quantities, and see a summarized list of items ready for checkout. This page includes vital information such as product names, quantities, pricing, and subtotal.

3.13 CHECKOUT

The screenshot displays the checkout process for an online store. At the top, there's a navigation bar with a search bar, a submit button, and a user icon. The main header features the store logo 'DAISYDRIFT...' with a sun icon.

The first section, 'Cart', shows a single item: 'Product 1' with a quantity of 1 and a total price of RM0.00.

The second section, 'Billing Address', contains fields for Full Name, Email, Address, City, State, and Zip.

The third section, 'Payment', lists accepted cards (Mastercard, Visa, American Express, Discover) and fields for Card Name, Credit card number, Exp Month, Exp Year, and CVV.

A checkbox labeled 'Shipping address same as billing' is present. Below these sections is a large brown button labeled 'Continue to checkout'. At the bottom, there are links for About Us, Contact Us, FAQ, and Delivery, along with social media icons for Instagram, X (Twitter), Facebook, and Pinterest.

Figure 3.13 Interface of Checkout Page

Illustrates a Check Out Web Interface Design. This checkout page is the final step in the online shopping journey, providing users to easily review their selected items in the cart, enter billing address, payment information, and choose secure payment options. Users can choose to ship orders, using the same billing address by clicking the checkbox provided and proceed with the checkout button.

4.0 CONCLUSION

In conclusion, DaisyDrift Hijab Co. website is a well-structured and user-friendly platform that offers a comprehensive and seamless shopping experience. The “Home” page serves as a primary center, delivering an overview of the many offers as well as easy navigation to different sections. The “About Us” section establishes transparency and connection by sharing the company’s mission and values. The “Contact Us” page encourages direct communication and demonstrates a dedication to customer interaction. The “Login” and “Sign Up” pages ensure a personalized experience for users. The “Collections” and “New Arrival” categories feature a wide range of hijab goods to suit a variety of preferences. The thorough “Product Detail” page provides important information, which improves customer understanding. The “Cart” and “Checkout” features simplify the purchasing procedure, ensuring a user-friendly and efficient transaction experience. Overall, the DaisyDrift Hijab Co. website seamlessly blends functionality, transparency, and a diverse product offering, creating a pleasurable platform for customers to explore, engage, and make informed purchasing decisions.
